

Fronts / finished parts

Bucher presents a comprehensive range of fronts / finished parts. All parts are available on custom made basis. Technically speaking there are restrictions regarding minimum and maximum dimensions. All parts are delivered without any further processing, such as drill images. You will receive the following benefits:

- ▣ Design of a front that you cannot make yourself due to technical reasons
- ▣ Diversity of products
- ▣ Bridging production bottle-necks
- ▣ Price advantage
- ▣ Fulfilment of high quality, e.g. laser edge

Special fronts

We refer to unique fronts as special fronts. Here you find some of the unusual fronts, including the following models:

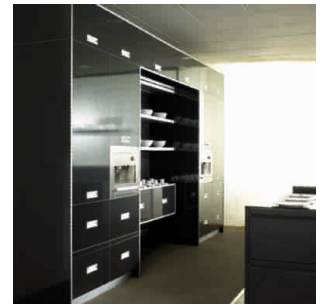

- ▣ Verro / glas front
- ▣ Ceramo / ceramics front
- ▣ Cemento / concrete look
- ▣ Organic Glas / laminated front
- ▣ Inoxia / stainless steel fronts

**Varnished fronts**

- ▣ Lead time: approx. 7-10 weeks
- ▣ Various models
- ▣ Designs in professional high-gloss, mat, ultramat and quarz-varnish
- ▣ Standard colors or with RAL and NCS
- ▣ Protection: protected by a safety foil
- ▣ Colours: check colour palette for fronts

**Laminated Fronts**

- ▣ Lead time: approx. 6 weeks
- ▣ Machine fabrication: the fronts are delivered machine-made and ready for installation
- ▣ Acrylic: the front is laminated Acrylic, the back has white coating. Visible sides: laminated with acrylic on both sides
- ▣ Colours: check colour palette

**Coated Fronts**

- ▣ Lead time: approx. 6 weeks
- ▣ Machine fabrication: the fronts are delivered machine-made and ready for installation
- ▣ Colours: Check colour pallet for laminated fronts
- ▣ The grain cannot be continued over several fronts in a row
- ▣ Laser edge for the Melamo model (zero-joint)
