

ThermoBox

The ThermoBox insert casing has been specially developed for safely mounting halogen low-voltage cold-light lamps into wooden ceilings or plasterboard ceilings. The lamp is installed from the top during ceiling suspension.

- Casing for HV and NV halogen lights
- suspended ceiling
- fire resistant F30
- Light mounting height 105 mm maximum

	length	width	height
76.20033.00	220 mm	160 mm	115 mm
76.20034.00	300 mm	160 mm	115 mm

i Caution:

- You should check before mounting the casing whether the installation depth required is available for the casing.
- For later fixing not appropriate

MFL - Wall box for concrete embedding

- For MFL lamp mounting (pages A-1.42 - A-1.46)
